

ST PATRICK'S CHURCH

The church stands above the banks of the river Lowther in the tiny village of Bampton Grange in Cumbria

There has been a church on this site for 850 years but the present building dates from 1726-7

There are five 18th century bells in the tower that are now not safe to ring

The clock and chime mechanism given by Bampton resident, Miss Jane Dalton, in 1909

The beautiful interior is remarkable for its double row of elegant oak columns

Entries from the Churchwardens' Accounts of 1735 showing work done on the (then) new bells

For hanging y ^e Bell, & laying y ^e Bell-Loft	00	09	00
For new Bell ropes	00	01	02
